

Fellow Sisters and Brothers of PSAC Local 60550,

Teaching Assistants' Union of Memorial University (TAUMUN) offers this letter of solidarity to the graduate student workers at the University of New Brunswick. The Union of Graduate Student Workers at UNB have been in negotiations with the University administration since 2013, struggling to secure fair compensation for the valuable work they contribute to the University's teaching and research environment.

Having undergone negotiations for our own collective agreement in the past, we are keenly aware of the enormous amount of time and effort expended in the bargaining process.

We stand in solidarity with the members of PSAC local 60550 in their effort to improve the conditions for academic workers across New Brunswick.

In solidarity,

 21 April, 2016

Jalal Ahammad (President)
On behalf of TAUMUN Executive Committee
Memorial University of Newfoundland
PSAC Local 90600
